Products

- *Eclipse Fault Resilient Series - AXmp*

- *Aurora Fault Resilient Series - ATX and 14/20 Slot*

- *Fault Resilient Series - ATX and 14/20 Slot*

- *Standard Chassis - ATX and 14 Slot*

- *Peripheral Enclosures - Monitors and Keyboards*

- *Single Board Computers - Pentium and Pentium III*

- *Passive Backplanes - 8 to 20 Slot ISA/PCI*

RACKMASTER Systems, Inc.

Products

Eclipse Fault Resilient Series

- Three Hot Swap 400W Power Supplies
- Three Hot Swap 90CFM Cooling Fans
- Eleven 5.25" And Two 3.5" Drive Bays
- Locking Access Door With Air Filters
- Built-in Monitoring And Alarm Features
- Front Panel LCD Display Of Critical Chassis Functions
- 6U Rack Mount Form Factor For AXmp Motherboard

*RACK*MASTER
Systems, Inc.

Products

Aurora Fault Resilient Series

- Hot Swap 300/400/620/810W Power Supplies
- Three Hot Swap 90CFM Cooling Fans
- One 3.5" And Four 5.25" Drive Bays
- Locking Access Door With Air Filters
- Built-in Monitoring And Alarm Features
- Front Panel LCD Display Of Critical Chassis Functions
- 5U Rack Mount Form Factor

RACKMASTER
Systems, Inc.

Products

Fault Resilient Series

- Two Hot Swap 300/400W Power Supplies
- Three/Four Hot Swap Cooling Fans
- Three 5.25" Drive Bays, Two Internal 3.5 Drive Bays
- Locking Access Door With Air Filters
- Built-in Monitoring And Alarm Features
- Front Panel LCD Display Of Critical Chassis Functions
- 4U Rack Mount Form Factor

RACKMASTER Systems, Inc.

Products

Standard Chassis

- 300/400W Power Supplies - Hot Swap Available
- Two 42.5CFM Card Cage Cooling Fans
- Three To Six 5.25" Drive Bays, Two Internal 3.5 Drive Bays Available
